

Introducing thousands of ways to **save!**

To help employees stretch their household income, the Office of Administration has entered into an agreement with WeSave.com. State employees who choose to participate in this FREE program will have opportunities to save money (typically 5 – 20 percent) on goods and services they purchase from participating merchants.

WeSave provides state employees:

- A customized online portal to access savings opportunities, giveaways, and promotions.
- Discounts from local merchants, grocery stores and restaurants with online coupon printing to ensure the best offers are available.
- Discounts and special offers on national brands.
- Online shopping at more than 1,000 stores with cash back from purchases.
- Increased ability to save money on items family members need or want.

Savings on purchases could translate into more investment dollars for savings accounts, education or retirement funds.
